Montana--The House Taxation Committee took no vote this week on the 10-cent per pack tax hike proposal. Following the hearing, industry officials said that the chairman was not inclined to pass a cigarette tax this year. No further date has been set for a future hearing on the tobacco tax proposal.

Sacramento--David Powers requests calls to retailers urging them to attend a 1/28 hearing of the Board of Supervisors where a proposal to ban all self-service displays at retail will be debated. John Hoy is contacting grocery and convenience store allies. The ordinance, if passed, would only apply to unincorporated areas outside Sacramento and other cities.

Niagara County, NY--Elizabeth Gallagher requests calls to restaurants and smokers encouraging participation at the first of a four February hearings on a proposal to ban smoking in public places unless the smoking areas are properly ventilated and in sealed and pressurized rooms. The County Health Department are setting the meetings for public and business input. They will take place in cities of Lockport, Niagara Falls, North Tonawanda and Youngstown. Written comments will also be accepted. If a smoking ban is passed by only the board of health and become part of the health code, the Health Department would monitor. If the board sends the proposal to the county legislature and it passed, the police department would get involved.
